CURRICULUM

ECC delivers the Australian Curriculum. Students participate in Christian Studies each week based on the College GEMS and FACETS. This includes regular Chapel services. Pre and post literacy and numeracy testing at each year level gives teachers accurate information about each child. Eventually, university and trade pathways are identified and pursued for each student.

EMERALD'S ONLY K-12 SCHOOL

Our school caters for all your child's school years, eliminating changing campuses at Year 6 and driving your children to multiple campuses! There is structured interaction between the sections of the College that makes ECC a very normal, family like place. Simply put, it's a great place for students to grow up in!

TEACHING STAFF

College Teaching staff are registered with the Queensland College of Teachers, holding tertiary qualifications. Your children are taught and mentored by Christian staff who live out their Christian faith in a genuine way.

LIBRARY AND COMPUTER FACILITIES

The College library and computer labs are an integral part of the total learning experience. Computer literacy is important, with access to necessary equipment to ensure a high level of current computer awareness.
